PROGRAMME TITLE	LEVEL	SAQA ID
Supply Chain Management	N5	74149

PROGRAM DESCRIPTION

Supply chain management is the art of handling of the entire production flow system of a good or service beginning from the raw components all the way up to delivering the final product to the consumer.

Whether you are seeking to further your career in supply chain management or interested in gaining insight into global trends in the industry, this business qualification will help achieve your knowledge of supply chain management and prepare you for the jobs of the future.

This qualification is aimed at overcoming the traditional functional approach to operations and management, and at fostering supply chain integration to the advantage of all stakeholders. The National Treasury developed competency profiles for the Public Sector in terms of supply chain management. This qualification meets some of those Public Sector needs and is also suitable for the private sector.
